

# Design

Those involved in the drafting and design of residential and commercial buildings and infrastructure plan, design and oversee the construction from the ground up. Draftspeople complete architectural and design concepts, by drawing plans for builders and contractors.

Jobs in this sector can include project architects, landscape architects, design managers, drafters, survey draftspeople, design project managers, design coordinators, interior designers, urban landscape designers and electrical designers.

**Pathway:**

- University degree
- Accredited courses
- On the job training
